

APPROVAL TO TAKE COURSES IN ANOTHER SPC PROGRAM

There may be instances where you and your advisor determine that a course or courses in another SPC program should be part of your approved degree program. This form needs to be completed and approved **before** registering for a class.

If you are seeking approval to take a course that is not part of your approved degree program, any financial aid you are receiving will not be applied to this course.

Please note that if there is an enrollment limit on the course in which you are requesting to enroll, students in the program in which the course is taught will have priority.

***Approval to take this course(s) does not constitute admission in to a joint degree program agreement.**
