TOTAL HOURS	64 +		

Program delivered face-to-face with some online components or online with some face-to-face components.

Graduation Requirements

Complete a minimum of 64 credit hours.

Complete all degree requirements within 7 year time limit.

Maintain a minimum cumulative GPA of 3.0

Notes:

¹ Must be completed during first semester of enrollment.

² All doctoral students must attend this 3-credit hour on-campus seminar, which is scheduled for one week.

³ Doctoral students meet the residency requirement by completing three required residencies. These residencies coincide with COM 700, COM 703, and either COM 730 or COM 785. On-campus doctoral students can meet the 3rd residency requirement by completing two consecutive semesters in which they are registered for at least 6 credit hours each semester, and meet with faculty throughout each semester, excluding summer sessions.

* These are recommended electives, however, please consult with academic advisor for other options. 6 credits of advanced standing can reduce the amount of elective credits based on a recently earned Masters' Degree in a field in the discipline.

⁴ Doctoral students will be given the opportunity to collaborate with faculty on teaching classes and conducting scholarly research. Students can receive doctoral credit for this collaboration by enrolling in COM 791 Doctoral Mentoring: Pedagogy (1-3) or COM 792 Doctoral Mentoring: Research & Writing (1-3). Recommended elective course.

⁵ Minimum 52 credit hours must be completed before the qualifying examination. Students must complete a minimum of three credit hours of qualifying exam.

⁶ Minimum of 9 credit hours of COM 799 dissertation research over 3 semesters required.

*Regent University has the right to add to or change this worksheet. **This Degree Worksheet is an unofficial document.**
