

2021 UNDERGRADUATE SUMMER HOUSING OVERVIEW

Eligibility: Summer housing will be available to all undergraduate students **currently** residing in the Regent Commons or Regent Village who will be registered for **at least one on-campus class** during the summer term, **working on-campus** during the summer months, and/or **taking part in an academic-related internship** (to be verified by academic advisor) in the local area during the summer.

Specific rooms in Constitution Hall and select buildings in the Regent Village will be set aside exclusively for summer resident housing. Residence Life staff will be present in both areas to provide social and educational programming, serve as academic and spiritual role models, and enforce University and residence hall policies.

To reserve a space in on-campus housing for the 2021 summer semester, please complete the [Summer Housing Participation Form](#) by no later than **5 PM on Monday, April 5th, 2021.**

Summer housing will be assigned based on academic classification, with seniors having the highest priority, followed by underclassmen. Residents who submit a Participation Form indicating that they wish to reside in on-campus housing for the summer 2021 semester will be notified via their Regent student email with their specific summer room assignment, roommate information, and details regarding moving to that assignment. Roommate requests included in the Participation Form will be considered as long as the requests are mutual by both/all students involved.

Please be aware that should any current undergraduate residents not request a summer 2021 placement, they will NOT have a summer campus housing assignment for the summer 2021 semester. Such residents' housing agreements will automatically end at **noon on Saturday, May 1st, 2021**, and they will be required to be completely moved-out of the Regent Commons or Regent Village by that date and time.

SUMMER 2021 HOUSING FEES

(2021 Summer Student Housing Agreement term defined as **5/1/21** through **7/31/21**)
