Educational Leadership - Principal Internship
Executive Summary

The principal internship is completed over two semesters and focuses on the role of the school leader by establishing a bond between theory, research, and practice. The student intern is assigned to a specified school(s) with the supervision of a licensed and certified school administrator in the field, and with the guidance of a Regent faculty internship supervisor. The candidate will have experiences at different school levels; experiences at schools with diverse student populations; and experiences that take place during the school day in concentrated blocks of times when preK-12 students are present. The intern is responsible for the completion of course requirements and competencies. Interns in the field have continuous contact with a Regent University internship supervisor and may participate in seminar experiences. The Virginia Department of Education requires students seeking licensure in school leadership to complete 320 clock hours of internship experiences.

The internship experience provides opportunities for independent and guided practice, feedback, coaching, and reflection. Ultimately it is designed to engage prospective administrators in active learning and to provide participating school mentors and university coaches with opportunities for continued professional growth. The Professional Standards for Educational Leaders (PSEL) provides key guidance throughout this process.

A minimum of 120 hours of the internship experience are embedded (linked to current course work and PSEL Standards). The embedded internship hours are completed during the spring semester. The remaining 200 hours are completed during a summer internship field experience, usually in a summer school setting.

Course Learning Outcomes are aligned with the Professional Standards for Educational Leaders and the Regulations Governing the Review and Approval of Education Programs in Virginia, Administration & Supervision PreK-12: b6, c6, d1, d2, d3, f4, & f5 developed by the Virginia Department of Education (VDOE).

Upon completion of the internship students are expected to demonstrate knowledge, understanding, and application of:

- Planning, assessment, and instructional leadership that builds a collective, professional capacity.
- Systems and organizations.
- Management and leadership skills that achieve effective and efficient organizational operations.
- Organizational conditions and dynamics.
- The purpose of education and the role of professionalism in advancing educational goals.

Principal Internship Procedures and Consultations

The procedures for working with students, faculty, staff, and persons within the school division are listed below. This includes Human Resource Departments, school principals, other building administrators, and school division administrators.

1. Students who are enrolled in the Principal Internship Program at Regent University are first contacted by Regent’s Field Placement Coordinator who sends them an information letter along with the Application for Principal Internship.

2. The Field Placement Coordinator communicates with the course professor (University Supervisor) and the school division’s Human Resource Department each time a candidate seeks approval for an internship.

3. The Field Placement Coordinator also communicates with the University Supervisor to inform them that the student has been approved to conduct the internship in a particular location(s) by forwarding an application form signed by their mentor or designee (licensed school administrator).

4. The University Supervisor then communicates with the principal or designee by email, welcoming and thanking them for working with the internship program. The intern is sent a copy of this communication.

5. The University Supervisor sends information to the building principal and the student, about the internship, roles, and responsibilities, suggestions for appropriate activities, and a copy of the Professional Standards for Educational Leaders. This communication is also sent to the Field Placement Coordinator.

6. As students work through their internships, they are responsible for submitting an internship log four times listing the dates, activities performed, related embedded courses and/or PSEL Standards, and their reflections about the activity. The University Supervisor gives and receives ongoing feedback to the student and sometimes the Mentor.

7. Regular discussions are held between university faculty and staff who work with interns to problem-solve and ensure consistency.

8. Discussions also take place with the Intern Supervisor, Program Chair, and the Educational Leadership subcommittee when various problems arise or when adjustments need to be made.

9. Near the conclusion of the internship, communication in the form of an email that contains a link to Survey Monkey, is sent to the intern’s mentor (principal or designee) so that the Mentor’s Assessment (PIMA) can be completed. The mentors have an opportunity to add any comments at the end that are unique or specific to their experience with the student as well as the overall internship.

10. The principal intern also completes a self-assessment which is submitted to the University Supervisor.

11. The University Intern Supervisor completes an assessment for each intern.

12. During the semester, constant communication takes place in the form of email messages and telephone calls between interns and the University Supervisor to maintain contact and to discuss various issues.
Field Placement Coordinator Duties

- Students are required to have a background check through CastleBranch.com before being registered for any leadership internships. This is communicated by the Office of Advising as well as the Field Placement Coordinator.
- Once students have a background check on file for Regent University, they can be registered for their first internship class. Students are not able to register for the internships.
- Spring Semester EADM 594/794 – The student is required to complete the Request for Embedded Hours Experience Form and have it signed by his/her principal as approval of the internship. Forms are returned to the Field Placement Coordinator for the School of Education. Forms must be completed, typed, and signed by the student and his/her principal to be accepted.
- Summer Semester EADM 597/796 – Students are required to complete the Application for Principal Internship. Students must complete information for the 165 hours at the primary location internship site, 10 hours at a second site, 10 hours at a third site, 10 hours in a Central Office department, and 5 hours with an outside agency. The form is sent to students once registration is open. All forms must be complete, typed, and signed by the student. The form must be signed and approved by an appropriate individual.
- Some school districts require a placement request from Regent University in order to make a summer administration internship placement and placements are made centrally. In some school districts, students find the placements themselves or go to Human Resources themselves to secure approval. In some school districts, students must secure placements, and the form is signed only by the primary location supervisor. It is the student’s responsibility to determine how his/her school district handles Summer Administration Internships.
- Forms are returned to the Field Placement Coordinator either by the student or by a designated person from the Central Office. Completed (typed and signed) forms are routed to course instructors.
Advisor Responsibilities Requirements for Internship Enrollment

During an advising appointment, the Advisor for Educational Leadership discusses the following items concerning internships:

- A background check must be performed and returned clear before any student can be registered for the internship.
- Information the student needs need to complete the background check is sent to them by the Field Placement Coordinator.
- Internships do not start in the first semester.
- A minimum of two courses must be completed and passed in the first semester before a student can register for the Principal Internship course.
- Students may only begin the internship with the Administrative Internship, which is only offered in the spring semester.
- Students must complete the Administrative Internship before they can register for the 200-hour Principal Internship.

Re: Request for Embedded Hours Experience

The individual listed on page two is enrolled in the Educational Leadership Program at Regent University. As one of the requirements for licensure in School Leadership in the Commonwealth of Virginia, the student must complete an embedded hours experience that parallels his/her graduate coursework. 

**Embedded hours primarily entail observation and shadowing experiences.**

This document is intended to request your assistance in providing this individual an embedded hours administrative experience in your school. **This placement would be above and beyond his/her regularly contracted duties as an employee if he/she is currently employed by your division.** Below are the requirements of the Virginia Department of Education (VDOE) regarding the internship:

**Embedded Hours Requirements**

**Virginia Department of Education Requirement** (for all approved programs in the state): Complete a minimum of 120 clock hours of an embedded hours administrative observational experience with diverse student populations. The intent of the experience is that students observe firsthand the daily routines of school administration in the field, and link these experiences to what they are learning in their coursework. The student may be involved in the experiences as much as you as the administrator feel comfortable.

These experiences shall be an integral component of a Virginia Board of Education approved preparation program. Regent University’s Educational Leadership Program is not only approved by VDOE, but is also nationally accredited. The embedded hours experience shall be focused on learning for all students and shall occur in a public school or accredited nonpublic school. - Reference: Code of Virginia, 8 VAC 20-23-620. Administration and Supervision PreK-12.

Please do not hesitate to contact me if you need additional information. I can be reached at 757.352.4744 or bvaughan@regent.edu.

Thank you for your partnership with Regent University School of Education.

Respectfully,

Brenda Vaughan

Sample Introductory Letter to Mentor

Regent University
School of Education

To: Principal
From: Alan Vaughan, Ph.D.
Date:
RE: Intern
Regent University Educational Leadership Program Field Experience

Dear Principal:

Welcome to the Regent University Educational Leadership Program field experience. One of the greatest attributes a successful leader possesses is the ability to inspire those who are in the process of developing their own leadership skills. Thank you for your willingness to provide our graduate students with “hands-on” professional leadership experiences while under your guidance.

This letter is written to introduce myself as the student’s University Supervisor and provide a few comments about the principal internship. As part of the requirements for school administration licensure in Virginia, graduate students must complete a 320-hour principal internship, with 120 of those hours embedded with the coursework and 200 hours as field experience.

The 120-Embedded Hours internship occurs during the fall and/or spring semesters. Students work with their administrative mentor by primarily observing, shadowing, and reflecting on their performance as a school administrator. They then link what they observe to the content they have learned in their graduate classes. The 200-Hour Field Experience Internship occurs during the summer months. Students are required to complete the remaining 200 hours by performing administrative duties. They then link these activities to the current PSEL Standards. Thank you for doing your part to assist in these efforts.

The student outcomes for each program term will be designed by you and the student. Specific competencies are those found in Virginia Department of Education licensing requirements and PSEL Standards, which are the common core of knowledge, dispositions, and performances that link leadership to productive schools and student achievement. These are the nation’s standards for school leadership preparation programs and for state licensure in school leadership positions. The 10 PSEL standards describe what effective school leaders should know and do to lead high-achieving schools, staff, and students in the 21st century. They also describe the effective principal’s role in hiring, school culture, equity, ethics, operations, school vision, and goals. According to the CCSSO, the standards are forward-looking, based on both research and practice.

Attached to this email is a list of suggested activities in which the intern may participate. In addition, you may assign any other duties you deem appropriate. Also attached is a list of the overall Roles and Responsibilities for the Student, Mentor, and University Supervisor, and the Professional Standards for Educational Leaders.

Please feel free to contact me at any time and thank you again for your assistance.

Dr. Alan Vaughan
Field Experience Support Team Roles and Responsibilities
Mentor, Intern, University Supervisor

(non-inclusive)

**Intern**
The student assumes a major share of the responsibility for the success of the Field Experience. Major activities for the student include, but are not limited to these final areas:

A. Become fully acquainted with the procedures and requirements for this course.
B. Select a Mentor and schedule a meeting as early as possible with the Mentor to review plans for administrative assignments; the plan should include an opportunity for the mentor’s ongoing feedback.
C. Complete the PreK-12 Educational Leadership Program Application for the PreK-12 Principal Embedded Hours Field Experience.
D. Complete all forms, assignments, experiences, and other obligations as may be assigned or requested.
E. Being available for online seminars that may be scheduled by the University Supervisor.
F. Perform field experience activities as directed by your mentor and required by VDOE Regulations. Keep a log according to guidelines which will be submitted to the University Supervisor four times during the semester.
G. Submit the Internship Log as requested.
H. Communicate as needed (e-mail, phone, in-person, etc.) with the University Supervisor for appraisal of progress, concerns, questions, etc.
I. Demonstrate confidentiality, integrity, and fairness when interacting with internal and external publics in diverse settings.
J. Complete and log required hours.

**Mentor**
The Mentor provides leadership in developing the climate that makes success possible for the graduate student. The Mentor is the principal (or assistant principal if delegated by the principal), in partnership with the University, and a member of a team endeavoring to make the Field Experience a valuable part of the principal preparation program. Typical activities and responsibilities include but are not limited to the following areas:

A. Provide leadership for the induction of the graduate student and assuring the Field Experience is fully understood by their supervisor, school faculty, auxiliary personnel, and students.
B. Supervise and direct the student’s field experience.
C. Supervise and direct the entire field experience activities.
D. Delegate significant responsibilities to the graduate student and provide them with a wide variety of experiences.
E. Provide shadowing experiences for the graduate student to observe and experience all aspects of the Mentor’s position.
F. Provide feedback to the students (daily feedback and feedback on activities are strongly encouraged).

G. Complete the Mentor’s Assessment online near the completion of the summer experience.

H. Communicate with the University Supervisor as necessary to address any concerns, problems, or ideas related to the program.

I. Serve as an advocate for the graduate student.

**University Supervisor**

The University Supervisor oversees the Field Experience and serves as an Advisor for the graduate student. The University Supervisor in cooperation with the Mentor will assume the final responsibility for the evaluation of the Field Experience. Activities for the University Supervisor include, but are not limited to the following areas:

A. Contact the mentoring principal upon receipt of the Embedded Hours Field Experience Application Form.

B. Serve as Advisor to the graduate student.

C. Provide input for and approval of the Field Experience Plan.

D. Communicate with the student and Mentor as needed.

E. Provide feedback to the students.

F. Review the student’s Field Experience Log as submitted and provide feedback as needed.

G. Confer with the student & mentor via e-mail/phone/in-person as needed.

H. Advocate for the student.

I. Design and present seminars, if applicable.

J. Be responsible for assigning the final grade.

**VIRGINIA DEPARTMENT of EDUCATION REQUIREMENTS**

Administration and Supervision and Personnel Support 8VAC20-542-530. Administration and supervision PreK-12:

**Minimum** of 320 hours of field experience, with **120 hours embedded within the coursework**. An additional 200 clock hours of internship with “exposure”* to multiple sites (elementary, middle, high, central office, agency) with diverse student populations... be focused on instructional leadership and learning for all students and must occur in a public school or accredited nonpublic school.

*EXPOSURE is defined as a minimum of 10 hours at each of the other school levels other than the primary setting, 10 hours at the central office, and 5 hours at an agency.

*Exposure Site Validation Form required for exposure hours.
PSEL: Professional Standards for Educational Leaders

STANDARD 1: MISSION, VISION, AND CORE VALUES
Effective educational leaders develop, advocate, and enact a shared mission, vision, and core values of high-quality education and the academic success and well-being of each student.

Effective leaders:
- Develop an educational mission for the school to promote the academic success and well-being of each student.
- In collaboration with members of the school and the community and using relevant data, develop and promote a vision for the school on the successful learning and development of each child and on instructional and organizational practices that promote such success.
- Articulate, advocate, and cultivate core values that define the school’s culture and stress the imperative of child-centered education; high expectations and student support; equity, inclusiveness, and social justice; openness, caring, and trust; and continuous improvement.
- Strategically develop, implement, and evaluate actions to achieve the vision for the school.
- Review the school’s mission and vision and adjust them to changing expectations and opportunities for the school, and changing needs and situations of students.
- Develop a shared understanding of and commitment to the mission, vision, and core values within the school and the community.
- Model and pursue the school’s mission, vision, and core values in all aspects of leadership.

STANDARD 2: ETHICS AND PROFESSIONAL NORMS
Effective educational leaders act ethically and according to professional norms to promote each student’s academic success and well-being.

Effective leaders:
- Act ethically and professionally in personal conduct, relationships with others, decision-making, stewardship of the school’s resources, and all aspects of school leadership.
- Act according to and promote the professional norms of integrity, fairness, transparency, trust, collaboration, perseverance, learning, and continuous improvement.
- Place children at the center of education and accept responsibility for each student’s academic success and well-being.
